

The Worshipful Company of Arbitrators

The Company has commissioned a new design of tie which is now available for purchase by Freemen and Liverymen.

The new ties, designed and manufactured by Aquascutum, are produced in a high quality silk and come in two colour alternatives – blue or gold.

We now have a bespoke stylish, quality tie that can be worn every day, not just for Company functions, and so provide an opportunity for members of the Company to show their association with the Livery and to promote the Company. The new design incorporates the Company's shield in the weave and the Company crest as a motif.

The cost for each tie is £35 although Members of the Company wishing to purchase both colours may do so at the reduced rate of £65 for two.

Please complete the slip below and send it with your cheque to the Clerk. Orders will be despatched as quickly as possible, by first class post/ordinary airmail, but please allow 14 days for receipt.
